

## Department of Pure and Applied Mathematics

Application form to access Final Examination script for APM01A1/APM1A10

Name:	Student number:
-------	-----------------

Please note that the memorandum/solutions **will not be** discussed, since the Supplementary Examination must still be written, and there *may* be a relationship between the Final Examination and the Supplementary Examination. Any discussion of the memorandum/solutions *could* therefore constitute an inappropriate divulging of relevant information to students who are due to write the Supplementary Examinations. The only enquiries that will be entertained are those relating to obvious errors in the totalling of the marks.

Provide motivation for seeking access to your script:
